The Institute of Medical Science seeks one **Junior Teaching Assistant** for the following course:

**MSC7000Y – Regenerative Medicine**

**Term (January 6, 2022 – April 30, 2022)**

MSC7000Y is a unique course of wide interest that will provide an understanding of the science behind the regenerative medicine field, new and emerging technologies, and the ethical and regulatory aspects of implementation. Course modules consist of: Transplant and Organ Failure, Stem Cells, Repair and Regeneration, Clinical Trials and Translation, and Business of Regenerative Medicine.

**Qualifications**
- Current MSc or PhD student
- Completion of the MSC7000Y course
- Strong science background in regenerative medicine

**Duties**
The teaching assistant will assist the course director and education officer throughout the term in conjunction with the current teaching assistant. This position upon review, will translate into the sole teaching assistant role for the following academic year (2022-2023).
