

The Institute of Medical Science seeks a **Junior Teaching Assistant** for the following course:

**MSC7000Y – Regenerative Medicine**  
**Term (January 8, 2024 – May 10, 2024)**

**MSC7000Y Regenerative Medicine** is a unique course of wide interest that will provide an understanding of the science behind the regenerative medicine field, new and emerging technologies, and the ethical and regulatory aspects of implementation. Course modules consist of: Transplant and Organ Failure, Stem Cells, Repair and Regeneration, Clinical Trials and Translation, and Business of Regenerative Medicine.

**Qualifications**

Students should have strong academic qualifications, teaching ability, excellent oral and interpersonal skills, ability to work effectively with course lecturers and students, strong administrative skills, and appropriate background for the course.

- Current MSc or PhD student
- Completion of the MSC7000Y course
- Strong science background in regenerative medicine

**Relevant Criterion**

Previous experience is the more relevant criterion than the need to acquire experience in respect of this posted position.

**Duties**

The junior teaching assistant will assist the Teaching Assistant, in conjunction with the Course Director, and Education officer throughout the term.

The Junior Teaching Assistant may expect to be involved in any of the following as requested by the course coordinator:

marking tests and assignments; answering student questions by e-mail; sending reminders to students about upcoming commitments; being present on the day of lecture to help with setup; contributing to marking final exams

Duties	# of hours
Four-hour mandatory training program through TATP (if applicable)	4
Communication with course team and students	3
Attend/moderate and review lectures (includes journal club/symposium)	26
Grade Assignment 2	2.5
Grade Final Oral exam	3.5

**Hours of work:** 35 hours (in-person and online)

**Estimated Course Enrolment:** 30 students

**Rate of Pay:** SGS I/II - \$47.64/hour

Final availability of the position(s) is contingent upon student enrolment, budgetary consideration and the determination of appointments as governed by the collective agreement.

**Application Process**

Applicants should submit (by email) a single PDF package before **October 15, 2023** including:

- a) cover letter outlining expertise and fit to the course objectives

- b) CV
- c) previous teaching evaluations (those with TA experience),
- d) Current graduate transcript. Unofficial transcripts are acceptable.
- e) Two letters of reference

**MSC7000Y Junior TA Position (Regenerative Medicine Course)**
